GHS Students Turn To The '50's And

Fashions, fads, and trends play a large part in people's lives. Here PIRATES AHOY endeavors to portray a fraction of the modern looks on Grants High campus.

LEFT: Platform shoes are "in" this year. Boys and girls alike wear the stylish high heeled shoes, reminiscent of the early 1950's. RIGHT: Turquoise is a popular stone here in the West, and many people take advantage of its availability and the natural ability of local Indian tribes to turn raw turquoise into squash blossoms, heishes, fettishes, bracelets, watchbands, and other jewelry, some accented with various stones. Candy Head displays some of her turquoise jewelry.

'60's For Their Fads And Fashions

LEFT: Tom Griego, Becky Romero, Derk Jones, Mary Boren, and Ward Blevins show the variety of individual tastes concerning hair-do's. Some like their hair long and free; others like it short and easy to manage. Some tease, some frost, and others just let nature take over.

The '76 fashions brought back the look of the late 1940's and early 1950's: knee-length skirts and dresses, blouses with big bows at the neck, curly-curls, and ankle-strap shoes with wedge heels or platforms. Slinky, smooth satins, silks, and jerseys, mingled with flowered and striped cottons, edged out bulky printed polyesters and double knits. Twin sweater sets set off coordinating pants and skirts. Saddle-oxford style shoes made a rebound into the casual look.

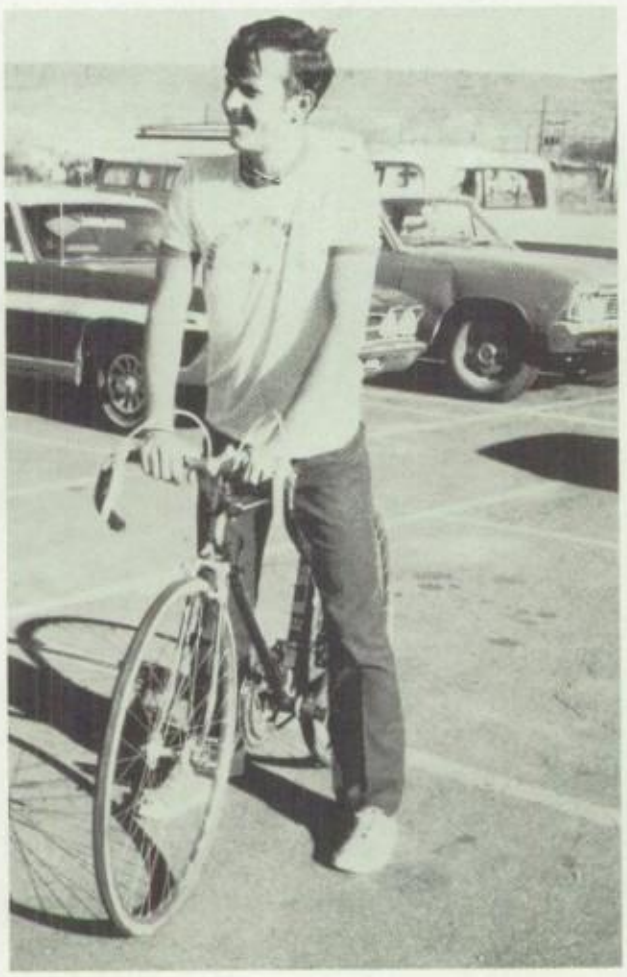
Many of the athletes in the Senior Class are not found on the varsity teams. Some students enjoy a variety of sports for physical exercise and enjoyment. Weekends and after school hours are frequently taken up with bicycling and hiking. These sports are inexpensive, and they offer one the opportunity to explore New Mexico's out-of-doors. A few students enjoy more unusual pastimes such as hang-gliding and ballooning. These activities require not only physical endurance but also extensive knowledge of the sport. By participating in sport activities, a student will be provided with physical and social pleasures.



LOWER LEFT: Snow, a hill, and an inner tube is all David Keel needs for a fun afternoon. LOWER RIGHT: Kenny Stevens rides his bike for exercise, fun, and transportation. Extensive Research And Hard Work Are

The Senior Class at G.H.S. contains numerous students who have hobbies. These hobbies, the time spent on them, and the reasons for doing them differ with every individual. Many students collect stamps or coins, sew, or play the piano for a hobby. However, there are some students who have a hobby that is different from the ordinary. These hobbies that are different require a great amount of time and research. For instance, it takes Cathy Caine one year to weave a 3 ft. by 5 ft. rug, but the results are worth the hard work. Such hobbies as building salt water aquariums and model airplanes require extensive research if they are to be successes. Besides being work and adding enjoyment to one's life, hobbies are fun.

UPPER RIGHT: Laura Cronk prepares the aquarium for her new salt water fish. UPPER LEFT: Sam Brooks spends much of his free time designing and building small mechanical model airplanes. UPPER MIDDLE: Cathy Caine spins 640 yards of wool in 56 hours. Spinning teaches her patience. UPPER RIGHT: Robert Robinson enjoys working on a car for both fun and profit.

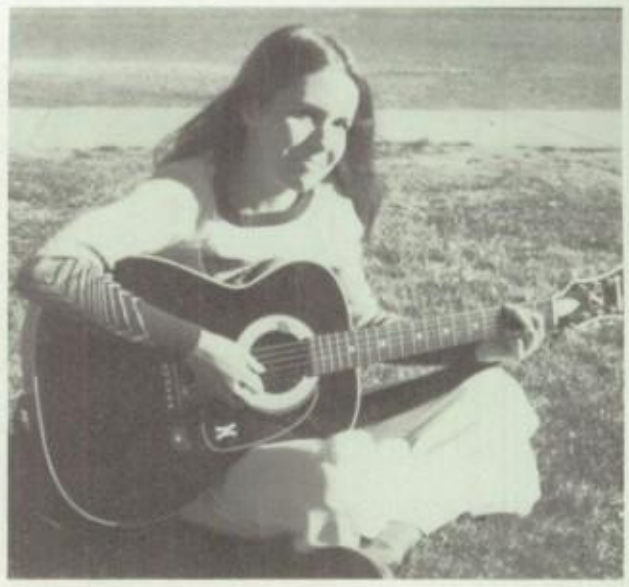
College Day Helps Students To Decide



UPPER RIGHT: Playing the guitar is a favorite pastime with Kathy Hocker. She plans on majoring in music during college. Here she plays a piece entitled "I Wish We'd All Been Ready."

College Day was held September 24. It is an event that is held every year for senior students and their parents in order to acquaint them with surrounding colleges and vocational schools and to give information about these institutions. Thirteen colleges and one vocational school were represented on this day. Individual colleges brought their ROTC representatives. Brochures were passed out and talks were given by college representatives. Senior students from Laguna Acoma High School also attended College Day at Grants High. LOWER LEFT: A senior student listens to what his future may hold in store for him. A Wide Variety Of Electives For Seniors

A wide variety of electives is available to the seniors. These classes give students the opportunity to develop individual talents and to pursue leisure time activities that can be enjoyed the rest of their lives. Homemaking skills are learned by both boys and girls in Foods. Many boys enjoy developing their culinary skills. Mechanically-minded students can be found in Electronics and Auto Mechanics. One of the most popular electives is typing, which is useful in many future occupations. Artistically inclined students are enrolled in art classes where their creative abilities are encouraged and developed. Electives are an important part of every student's curriculum.

UPPER LEFT: Becky Romero puts the finishing touches on her paper mache mask for Art. UPPER RIGHT: Mike Morris is one of the many students learning to type. This is a skill he will use often in college and in later years. UPPER LEFT: Intent on finding the source of trouble in the TV set are Tom Griego and John West. Winning 7, Losing 4

The Pirates were able to finish third in their district, with the one and two teams of the district going on to the state playoffs. The Pirates had a strong offensive game which scored 178 points on the year. The Pirates were also fortunate in having the fourth best defensive team in the state with the defensive crew only giving up 7.5 points per game. The Pirates were well represented in All District and All State selections; they got nine players on the rolls. The coaches and the team members will always have a strong remembrance of the 1975 Pirate Football Season.

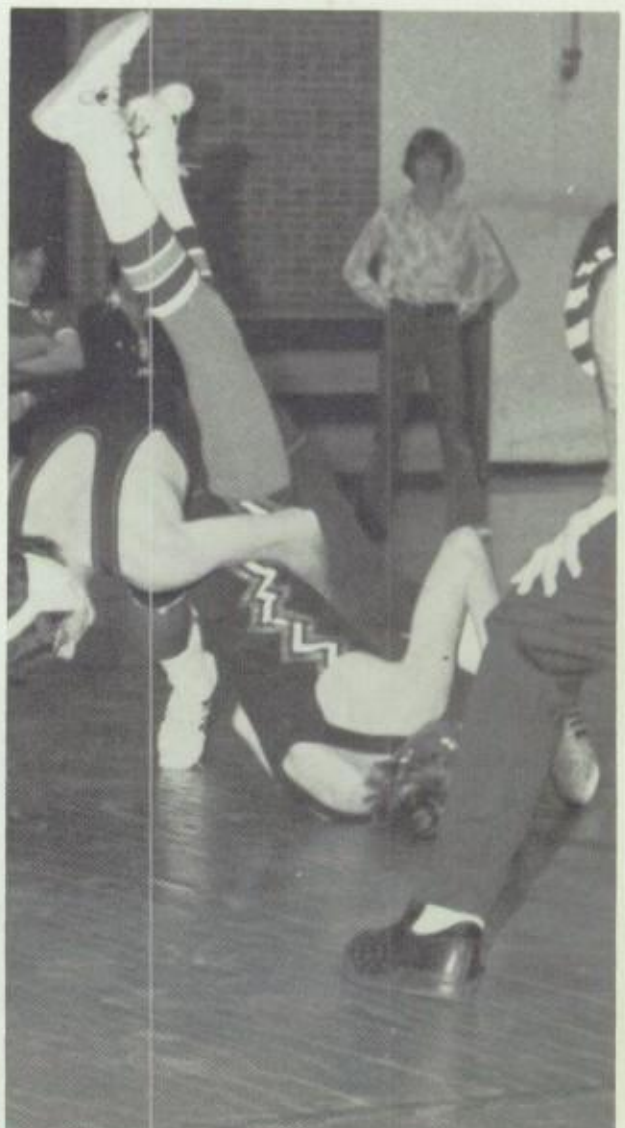
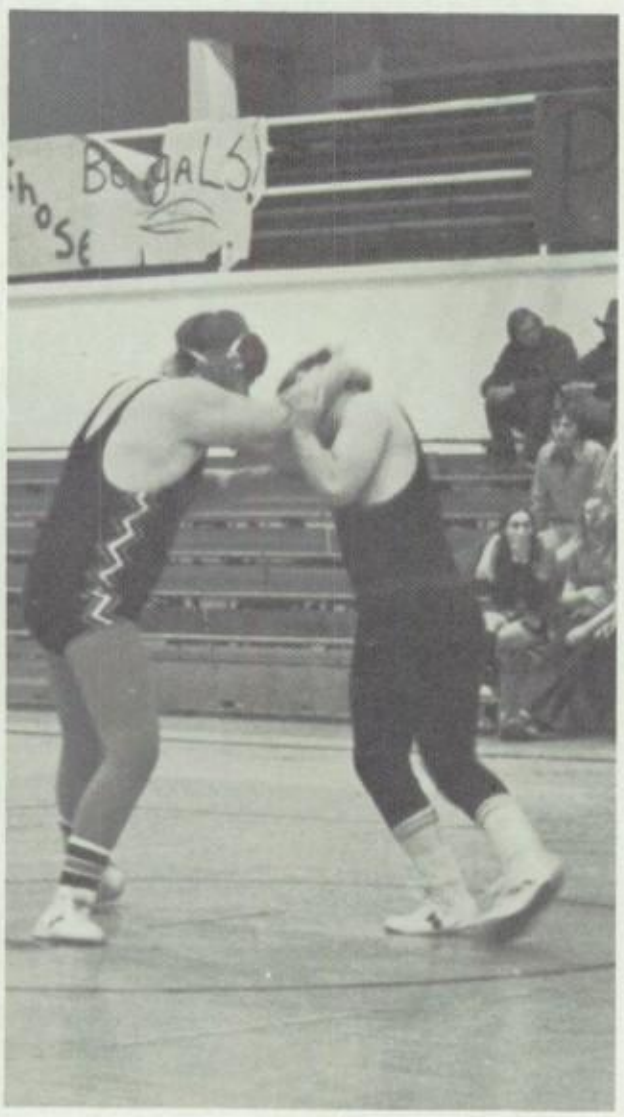
Season With a 5-5-1





The Grants High wrestling season came to a close with the state tournament held in Albuquerque on February 19-21. Nine wrestlers attended the tournament, and several went to the quarter finals. The wrestlers on the whole did very well. Although the team gave up 12 to 18 points a match, due to missing weight classes, the wrestlers were tough and hard to beat. The varsity athletes ended their season with a 5-5-1.

Two outstanding wrestlers, Jimmy Don McMinn and Paul Gutierrez, did an excellent job considering they wrestled with injuries the entire season. McMinn with 14-5, Cotton with 21-5-1, and Bursen with 13-3 had an outstanding season.

PEOPLE AND ACTIVITIES

Yearbook Dedicated to Memory of Ray Gunderson

In 1946, when Ray Gunderson was a senior, he was chosen as the first Honor Boy of Grants High School on the basis of scholarship, character, and leadership. Ray went on to the University of New Mexico, where he further demonstrated these qualities. Coming back to Grants, he went into business with his family and became a leader in the community. Whenever there was a new project to be developed and promoted, Ray was there. When Grants High School needed a boost in any department, Ray helped to provide that boost. When the city of Grants or any organization needed help, Ray was one of the first people to give support.

But the greatest thing about Ray was his ready smile, his ever-cheerful greeting, and his way of making a person feel good by taking a few minutes to chat with him. Through the years, Ray became a symbol of friendliness, sincerity, and good will in Grants. In 1946, the year he was a senior, he was Honor Boy of GHS. In 1976, the year he died, the yearbook staff dedicates the GHS PIRATES AHOY YEARBOOK to the memory of Ray Gunderson, HONOR CITIZEN OF GRANTS AND OF NEW MEXICO.

"For no man dies as long as there is one person left in the living world who remembers him with fond recall . . . and shares a thought with him . . . though he has gone ahead."

Drama Club Presents BLITHE SPIRIT,

The Drama Club was established to promote speech and theatre in the high school. The first major project for the year was the production of BLITHE SPIRIT in November. It was performed "in the round" in the G.H.S. gym. Members have taken three trips to Albuquerque and more are planned. The first one was at Popejoy Hall to see ROMEO AND JULIET; in December they attended a workshop at U.N.M. where they saw a movie, THE MAGNIFICENT AMBERSONS, and two plays, THE CAUCASIAN CHALK CIRCLE and TARTUFFE. January found them as audience members for THE CRUCIBLE. The money making project for the year is selling Tom Watt kits. Hoepfully they can earn enough money to attend a one-act play contest in Las Cruces in April.
